Council Member Tucker, through the Chair, requested Analyst LaBoy to read the following letter dated June 27, 2000, from Corporation Counsel Hollar-Gregory into the record regarding 207 Tax Abatements.

Analyst LaBoy read the following letter into the record:

"Please be advised that there are currently pending with the City Clerk several tax abatement applications, as well as, a substantial number waiting certifications and submissions for Municipal Council approval. The Municipal Council has required the Department of Engineering to provide certifications, therefore, the Municipal Council has mandated its inclusion. N.J.S.A. 54:4-3.141 provides that "the governing body of a qualified municipality may, by ordinance, determine that one or more areas within the municipality are in need of rehabilitation..." and further requires that such determination be in accordance with N.J.S.A. 52:14B-1, et seq. This requires the certification of the Central Planning Board to provide this information as to the eligibility of the pending tax abatement application. The certifications of the Tax Assessor and Tax Collector are also of import to adequately advise the Members of the Municipal Council as to the ownership and tax status of the properties pending for tax abatement approval.

The concern with respect to any further delays in considering the pending applications is that the improvements are not taxed while the tax abatement application is pending and in the event the Council fails to approve or reject, the City may be unable to collect taxes. The Tax Assessor can only go back two years to collect taxes pursuant to the added and omitted tax statutes. The delays in approval present a taxing dilemma that must be addressed. Therefore, this office is submitting tax abatement applications for consideration upon the condition that the required certifications are provided to the Municipal Council Tax Abatement Sub-committee.

I trust you understand my concerns and will be guided accordingly."

August 9, 2000

President Bradley called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MS. REGINA J. SHOMER, 262 MONTCLAIR AVENUE, FOREST HILL, NEWARK, NEW JERSEY addressed the Members of the Municipal Council stating that she has noticed that every time she receives a tax bill it appears to be higher than the last bill. Ms. Shomer also commended Councilman Tucker for his vision and wisdom in proposing that Newark's tax system be brought into equity with the rest of New Jersey's tax system.

MS. CAROL JOHNSON, 89 ALYEA STREET, NEWARK, NEW JERSEY, addressed the Members of the Municipal Council commending Councilman Tucker on the vision that he exemplifies in suggesting that those who come new to homeownership would have the same commitment to carry part of the burden that those who never left the City of Newark during the dark times have carried all along.

MR. MANUEL ROSA, 18 BLOOMFIELD AVENUE, BELLEVILLE, NEW JERSEY, addressed the Members of the Municipal Council stating that he is highly concerned about the possible elimination of the 5 year tax abatement as we know it. Mr. Rosa stated that this ordinance is dangerous and reckless and people who came to this City 10 years ago will leave. Mr. Rosa also stated that Council should be careful about what the Council votes on and hopes that this ordinance will be rescinded due to the many people's lives that may possibly be destroyed by this proposal.

MR. ANTONIO PEREZ, ANA CONSTRUCTION, 70 WAYNELAKE AVENUE, COLONIA, NEW JERSEY, addressed the Members of the Municipal Council stating that he has been building homes in the City of Newark for 15 years and is concerned about the impact this will have on the affordability index and how new home buyers will not be able to afford the increase in taxes and hoped the Council will have a strong thought process about this proposal. Mr. Perez questioned whether or not the new homes being built in Newark will be marketable because even a small increase in the cost of a home will take a large percent of people out of the home buying market.

MR. CISCO DEROSA, 50 ST. FRANCIS STREET, NEWARK, NEW JERSEY, owner of Mortgage Plus, addressed the Members of the Municipal Council stating that he is a new homeowner that took advantage of the tax abatement that was granted for five years which enabled him to buy a home. Mr. DeRosa state that if taxes are raised, it will become harder for people to qualify for mortgages and if the taxes are raised to \$8,000. or \$8,500. people will need to earn \$115,000. to \$125,000. a year to qualify for a mortgage.

MR. WILLIAM AGRAIT, 275 CLIFTON AVENUE, NEWARK, NEW JERSEY 07104 addressed the Members of the Municipal Council stating that he practices law and has been a Newark resident for 21 years and was very upset when he read about this ordinance. Mr. Agrait stated that the property tax system is unfair and Council should consider making the tax abatement being voted on revaluation proof so that the incentive for people to build in Newark will continue.

No one else appearing, a motion to defer action on the ordinance and continue the hearing on second reading and final passage was made by the Council of the Whole.

No roll call taken.

Council Member Tucker, through the Chair, stated that most Members of the Council and clearly all residents in the City of Newark are very proud of the new construction taking place and have a vested interest to make sure that new construction continues. Council Member Tucker stated that being fair and equitable is our responsibility in regards to dealing with the whole question of tax abatement and Council has done everything to fight off revaluation. Council Member Tucker stated that we are trying to adjust tax abatement and that citizens will have to deal with revaluation which will be here in about 2 years. Council Member Tucker also

August 9, 2000

stated that the difference between the taxes homeowners are paying without a tax abatement and the amount being paid by people who have tax abatement have to be picked up by the homeowners who do not have tax abatements and pay full taxes and that is not fair and a compromise needs to be worked out for homeowners and developers to be taxed fairly. Council Member Tucker also stated that we cannot allow tax abatements to just stay the way it is and that any tax abatements being processed now will not be affected by this new tax abatement ordinance until the ordinance becomes effective.

A motion to defer action on the ordinance and close the hearing on second reading and final passage was made by Council Member Tucker, seconded by President Bradley.

No roll call taken.

Council Member Bridgeforth, through the Chair, suggested that Council adjourn the public meeting so that it can be reopened at the October 18, 2000 meeting to continue dialogue with the public about this matter.

Council Member Amador, through the Chair, suggested that Council have this matter discussed at a night meeting so that working residents can attend.

No one else appearing, a motion to continue the hearing and defer action on the ordinance on second reading and final passage was made by Council Member Tucker, seconded by President Bradley and declared adopted by President Bradley by the following votes:

Yes: Council Members Amador, Booker, Bridgeforth, Tucker, President Bradley.

Absent: Council Members Carrino, Chaneyfield Jenkins, Quintana, Walker.

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT:

Section 1. Permission is hereby granted to Telergy Network Services, Inc. (Telergy), its successors and assigns to install, operate, repair, and maintain a fiber optic telecommunications network in accordance with the Agreement which is attached hereto and made a part hereof in those areas specifically identified on plans entitled "Telergy, A Communications and Energy Company, Proposed Fiber Optic Cable Route, Newark, NJ", prepared by Herbert Zwilling, P.E., consisting of 1 sheet and dated 6/14/00 and 6/20/00.
